

# WHO'S REALLY RUNNING THE WHITSUNDAY SHIRE?

In spite of the fact that council's own Independent Assessor has recommended that the FKP/Outrigger Development on our public foreshore be refused outright, there is no guarantee that this will happen.

SOF is aware that other parties with plans to develop foreshore property have been putting pressure on council to pass the Development Application regardless of council's own Assessor's unequivocal advice.

It is clear that if this development is approved it could open the floodgates.

Other vested interests along the foreshore could demand, and get, the same dispensations as the FKP/Outrigger group.

Independent Assessors, Buckley and Vann were engaged by council to assess the application in the place of council staff planners. So if council were to approve the application they would be doing so contrary to the planning advice provided to them.

Please let council know that you therefore expect them to refuse this application.

Please try to be at Council's meeting when they address this issue.  
We need to show them the community is still angry - and watching.
