

IT HELPS TO BE ABLE TO TELL NORTH FROM SOUTH.

Whitsunday Shire's Strategic Plan states:

"Areas to the south of Shute Harbour Road located behind the southern alignment, described above, may offer opportunities for building heights over 9 metres."

There appears to be **NO** provision made for buildings over 9 metres on the **north** side of Shute Harbour Road in the Council's own Strategic Plan.

So can anyone seriously consider a proposal for a development in this area around 16 metres high?

For help with your written objection to this development, see us at:
